Minerals in M.P.

†1466. SHRI GOVINDRAM MIRI: Will the Minister of MINES AND MINERALS be pleased to state:

(a) the names of the major and minor minerals found in Madhya Pradesh and at which places stating the total quantity of minerals exploited during the last three years; and

(b) the details of export and import of minerals made during the last three years, the names of such minerals and countries of their export and import, including the value thereof?

THE MINISTER OF STATE IN THE MINISTRY OF MINES AND MINERALS (PROF. RITA VERMA): (a) As per information available with the Indian Bureau of Mines, a subordinate office of the Department of Mines, thirty major minerals [minerals other than minor minerals defined under Section 3(e) of Mines and Minerals (Regulation and Development) Act, 1957] and nine minor minerals, *viz.* Sand, Earth, Murram, Boulder, Floorstone, Limestone, Granite, Marble and Lime Kankar are found in Madhya Pradesh. Twenty Five major minerals were produced in different district of Madhya Pradesh during 1996-97, 1997-98 and 1998-99, details of production of which are given in the statement (*See* below). Infromation on production of minor minerals is not centrally maintained.

(b) Information on the quantity of export of minerals from Madhya Pradesh and import of minerals to Madhya Pradesh is not centrally maintained.

Statement

Minerals	Districts	1996-97	1997-98	1998-99 provisional
Bauxite (Tonnes)	Bastar, Bilaspur, Jabalpur, Katney, Mandla, Reva, Satna, Shahdol Sidhi, Surguja.	638237	651796	737129
Calcite (Tonnes)	Jhabua, Khargone	1106	650	0
Coal ('000 Tonnes)	All Districts	83283	84419	85767

†Original Notice of the Question was received in Hindi.

Development of Non-Conventional Energy Sources

1467. SHRI SANTOSH BAGRODIA: Will the Minister of NON-CONVENTIONAL ENERGY SOURCES be pleased to state:

(a) whether Government plant to develop non-conventional energy sources during the next five years; if so, the details thereof source-wise and year-wise;

(b) whether this is better for the environment; and

(c) how does these compare in costs, with conventional sources, such as Hydro, Atomic and Coal based?

THE MINISTER OF STATE OF THE MINISTRY OF NON-CONVENTIONAL ENERGY SOURCES (SHRI M. KANNAPPAN): (a) The Government is promoting and developing non-conventional energy sources through various schemes/ programmes as part of the Ninth Five Year Plan. The programme—wise allocations for the 9th Five Year Plan as a whole are given in Annexure. [*see Appendix 188, Annexure no. 40]*

(b) Non-conventional Energy systems and devices are non-polluting and environmentaly benign.

(c) The energy generation costs from various non-conventional energy sources and from conventional sources such as hydro, atomic and coal are given in the enclosed statement. (*see* below).
